

New Source Review newspaper advertisements for construction permit applications, January 10, 2008. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: January 8, January 9, or January 10, 2008. Public notices are generally published every two weeks. The previous publication of public notices was December 27, 2007.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9<sup>th</sup> Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Tennsco Corporation with a mailing address of P.O. Box 1888, Dickson, TN 37055. They seek to obtain an air contaminant permit (Division identification numbers 22-0063-28/61468) for a Miscellaneous Non-Production Surface Cleaning Operation located at 1st and Pickett Street, Dickson, TN 37055. This existing operation consists of fluidized sand bed stripping machines and associated equipment used for surface preparation of steel baskets. Cyclones are used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. H. Flores is the assigned Division person.

For the Dickson County *Dickson Herald* -- published once on or before Thursday, January 10, 2008.

---

The applicant is Citizens Gas Utility District of Scott and Morgan Counties with a mailing address of P.O. Box 68, Deer Lodge, TN, 37726. They seek to obtain air contaminant permits (Division identification numbers 65-0050-01/61473) for modification of a Natural Gas Compressor Station located at 3893 Nashville Hwy, Deer Lodge, TN, 37726. This existing operation consists of two (2) AJAX 600 HP natural gas-fired compressors, one (1) AJAX 360 HP natural gas-fired compressor, one (1) Q. B. Johnson Dehydrator, two (2) Smith Ind. Dehydrator as standby, and one (1) Natco natural gas dehydrator. The compressors are used to transfer natural gas to different locations through gas pipelines. The dehydrators are used to remove moisture from natural gas stream. The requested modification is for recalculation of the Volatile Organic Compounds (VOC) and HAPs emissions listed in the existing permit conditions. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. O. Jacobsen is the assigned Division person.

For the Morgan County *Morgan County News* -- published once on or before Thursday, January 10, 2008.

---

The applicant is Jones Brothers, LLC with a mailing address of P.O. Box 727, Mt. Juliet, TN 37121. They seek to obtain an air contaminant permit (Division identification number 95-0291-01/61576) for the installation of a Rock Crushing & Sizing operation at 3080 Old Lebanon Dirt Road, Mt. Juliet, TN 37122. This operation consists of a crusher, screen, conveyors, crushed aggregate stockpiles and associated equipment to produce crushed limestone aggregate. Wet suppression would be used for pollution control. There would be physical

construction. Regulated air contaminants would be emitted by this source. Mr. W. Medley is the assigned Division person.

For the Wilson County *Lebanon Democrat* -- published once on or before Thursday, January 10, 2008.
